NEW BUSINESS

Amended Regional Comprehensive Plan

Bill Stumbo stated that he thought the book was very well done and agreed with the changes recommended by Eric Stoley at the Public Meeting on March 5, 2009.

Keith Wills said that he found the book to be very informative and it gave him a lot of background for this area. He did find what he believes is a mistake on page 177 in the third paragraph under the section titled "SHREWSBURY BOROUGH MUNICIPAL WATER WORKS." The sentence in question is "Average daily residential water use per household also declined from 63 gpd in 1996 to 145 gpd in 2006, a decrease of 11%." The 63 and 145 should be reversed.

The Planners agreed that they are all in favor of the Regional Comprehensive Plan along with the suggestions from Eric Stoley and Keith Will's correction.

OTHER BUSINESS

Bill Stumbo stated that the recycling center on Onion Blvd. is storing material outside and he was under the impression that most of the material was gone to be kept inside.

Mike Lee said that he has already sent a notice.
