

NEW REFUSE CONTRACT INFORMATION

Trash collection under the new contract will start on Friday, February 2. The contract price is \$408.40 a year.

The collection will be once a week using Penn Waste supplied toters. (You must use the Penn Waste toters.) Penn Waste will be delivering the largest size (96 gallon for trash and 64 gallon for recycling) toters close to the end of January. If you do not wish to use the largest size, call the Borough office (717)235-1666 or email at email@shrewsburyborough.org and let us know and Penn Waste will swap out the large toter for either a 64 gallon or 35 gallon for trash or a 35 gallon for recycling.

Trash toter sizes available: 96 gallon; 64 gallon or 35 gallon.

Recycling toter sizes available: 64 gallon or 35 gallon.

You may place as many bags in your toter that will fit each collection day.

The new contract also allows for two extra bags each week (placed alongside toter if they don't fit inside the toter) and for two extra bags each week for leaves the months of November, December, and January.

We encourage residents on Main Street to use the back alley, if available, for placement of toters for collection due to parked vehicles and for better storage space when not placed out for collection. In the future, the trucks will be automated and using a back alley alleviates toters from being blocked in and the driver having to get out and maneuver the toter out to be emptied and holding up traffic.

You may place one bulky item out each week but you must call Penn Waste at 717-767-4456 to schedule it as certain items like metal are collected on certain days.

Electronics must still be taken to the York County Solid Waste Authority (no charge) at 2651 Blackbridge Road, York, PA 17406 (717)845-1066). Hours are Monday thru Friday 8:00 a.m. to 4:00 p.m. and Saturday from 8:00 a.m. to noon.

CREATING A GREEN COMMUNITY TOGETHER

It's Easy!

When you recycle with Penn Waste, you put all your recyclables into a specially designated container with a yellow lid. **NO SEPARATION NEEDED!** For trash disposal, please bag all trash and place it in the cart with the black lid.

TIPS ON PROPER MOBILE CART PLACEMENT

Please be advised that all mobile carts should be placed **BEHIND THE CURB** and not on the street. There should be nothing placed in the roadway that would impede or delay the removal of snow or ice from the road. The truck arm has the capability to reach past the curb in order to pick up your cans.

Here are some tips to ensure a smooth collection process:

- Set mobile cart out the evening before your collection day.
- Place mobile cart with the lid opening towards the road.
- Do not place cart in the roadway.
- DO NOT block walkways with carts.
- Place carts at least **THREE FEET APART** from each other and mailboxes, fire hydrants, low hanging trees or shrubs, parked cars, or utility poles - so trucks can easily access the cart.
